LIQUID ORGANIC FERTILIZER, A BREAKTHROUGH FOR THE SUSTAINABILITY OF THE OIL PALM TREE INDUSTRY

ALL PURPOSE NATURAL 100% ORGANIC LIVING LIQUID FERTILIZER

f SOSORGANICFERTILIZER

Storage

We recommend that you use within 24 months, store in full shade and loosen the caps during storage. Organic liquid fertilizer contains active microbes that will multiply rapidly after application.

Our organic fertilizer is microbe-based so "less is more"! Lower NPK analysis number = higher productivity. Nutrients are released as nature intended, 'regular small meals'. See website for more details.

**N:P:K
2:1:2**

**MIX RATIO 1 TO 4: 1 PART FERTILIZER CONCENTRATE TO 4 PARTS OF WATER
MEANS: 25 LITRES = 125 LITRES**

**SOS
FERTILIZER =
25L**

Use rain, river, or treated tap water (instructions provided)
Avoid untreated tap water as chlorine harms microbes

**Worms
Are
Your
Natural
Engineers®**

PRODUCT USES :

1) SOIL FERTILIZER. 2) SPRAY FOR PLANT ENHANCEMENT, PESTICIDE AND BACTERIAL CONTROL.

**We can supply or refill your containers at SOS authorized refilling centres.
By recycling, you are helping to SAVE THE PLANET**

ALL NATURAL INGREDIENTS

Organic fish, mixture of plant tissue and worm protein micro based emulsion. Our fertilizer is alive! Live microbes and the natural fermentation process results in floating organic materials which is what we want. In its concentrate form, there will be a strong odour which will reduce significantly on dilution
100% CHEMICAL FREE

CAUTION

Do not swallow, avoid eye and skin contact and wash your hands thoroughly after use. Keep out of reach of children. Store in a cool and safe place .

Manufactured by:

EPA Organic Oil Sdn Bhd have the global marketing and distribution rights.

SOS Organic Fertilizer Sdn Bhd, Kota Kinabalu, Sabah.
